

## Neonatology, Pediatrics and Pediatric Nursing

**Dr Walter Exposito Perdomo \***

*Primary care pediatrician, Elche, Alicante, Murcia Area, Spain*

After a series of successful conferences, we are back afresh with the **International Conference on Neonatology, Pediatrics and Pediatric Nursing**, curated by a panel of expert neonatologists and pediatricians on the dates **September 09-10, 2020** is scheduled in the buzzing **Toronto, Canada**. Every year, several brilliant researchers working in and around the field of [Neonatology](#) and [Pediatric healthcare](#) from all over the world gather to discuss their latest research work and have a great time of networking. Special keynote talks by eminent and proficient senior researchers are the crowning glory of the conference. Plenary talk sessions on all the latest cutting-edge research in the field is conducted covering every vital and unattended area of Pediatrics.

[Neonatology Congress 2020](#) strives to provide the meaningful theme “*Comprehensive Forum to Nurture Neonatal and Pediatric Research*” and covers a wide range of sessions for speakers to talk on, including [Neonatology](#), [Neonatal Intensive Care Unit \(NICU\)](#), [Preterm birth defects](#), [Pediatrics](#), [Neonatal Resuscitation](#), [Neonatal Diseases](#), [Pediatrics Nutrition and Metabolism](#), [Neonatal and Pediatric Cardiology](#),

[Neonatal Medicine](#), [Neonatal Cancers and Hematologic Disorders](#), [Neonatal Surgery](#), [Neonatal Genetics](#), [Screening and Rare Diseases](#), [Neonatal Ophthalmology](#), [Neonatal Endocrinology](#), [Congenital malformations & Birth Complications](#), [Developmental and Behavioural New-born baby](#), [Neonatal Pulmonology](#), [Neonatal CNS Disorders](#) and [Perinatology](#).

Apart from the talks, interactive workshops are conducted for a lively experience of learning. Budding scholars and graduate students get to present their research work in the [Young Research Forum](#) as Oral or Poster presentation and stand a chance to win the [Best Poster Award](#) as well. Video lectures, affinity lunches, corporate networking, pharma and medical expos are few of the many other perks of this fully packed 2-day conference

So, we would like to extend a warm welcome to all the delegates, speakers, scholars and exhibitors to join us and be a part of this mega event slated on the dates September 09-10, 2020 in Toronto, Canada!
